

Murray Hawk

This 6-10 berth houseboat has been fully refurbished and is one of our most popular smaller boats. With two queen bedrooms and a bunk room for the kids, this houseboat suits couples and small families wanting to have fun on the river without a large price tag.

Plenty of room around the dining table both downstairs and up the ladder-way under the shaded rooftop, Murray Hawk has a great kitchen

with dishwasher. This small houseboat even has a washing machine!

Two great lounge areas, one near the front deck barbecue and the other overlooking the fishing spots on the rear deck!

This pet friendly houseboat is great for your first or fiftieth holiday on the Murray River!
